Invoicing

Services may be requested under this RFP for both E-rate eligible and non-E-rate eligible locations and/or services. Separate invoices are required for E-rate eligible locations and services from those that are not eligible. The Southwest Georgia Regional Library System will provide a summary of the services ordered and the corresponding locations, together with all costs. It is the burden of the Service Provider to reconcile, to Southwest Georgia Regional Library System’s satisfaction, its invoices to that summary.

All invoices must be based on a first-of-the-month through end-of-the-month cycle.

Errors on invoices cannot be remedied by credits on invoices. All errors must be repaid by a check cut by the Service Provider within 30 days of notification such error.
Service Provider Requirements

SPIN and FCCRN Required

It is the intention of Southwest Georgia Regional Library System to apply for discounts under the Schools and Libraries (“E-Rate”) program for some or all of the services that are the subject of this RFP. Services may be requested under this RFP for both E-rate eligible and non-E-rate eligible locations and/or services. Therefore, all Service Providers responding to this RFP must participate in the E-Rate Program and must comply with all applicable FCC rules.

The Service Provider is required to submit its SPIN and FCCRN as part of the Proposal. If you do not have a SPIN and FCCRN, you MUST obtain them before you respond to this RFP.

*You can obtain a SPIN by following the directions on the Schools and Libraries Division (“SLD”) web site which is found at the following URL:
https://www.usac.org/service-providers/

*You can obtain an FCCRN from the FCC web site which is found at the following URL:

Document Retention, Production of Records, and Audits

Pursuant to 47 C.F.R. § 54.516, the Service Providers have the following obligations with respect to document retention, production of records and audits:

The Service Providers shall retain documents related to the delivery of discounted telecommunications and other supported services for at least 10 years after the last day of the delivery of discounted services. Any other document that demonstrates compliance with the statutory or regulatory requirements for the schools and libraries mechanism shall be retained as well. Comprehensive information about document retention requirements is found in the FCC’s Fifth Report and Order (FCC 04-190).

The Service Providers shall produce such records at the request of any representative (including any auditor) appointed by a state education department, the Administrator, the FCC or any local, state or federal agency with jurisdiction over the entity.

The Service Providers shall be subject to audits and other investigations to evaluate their compliance with the statutory and regulatory requirements for the schools and libraries universal service support program including those requirements pertaining to what services and products are purchased, what services and products are delivered, and how services and products are being used. The Southwest Georgia Regional Library must provide written consent before a Service Provider releases information to the auditor, reviewer, or other representative.

The Service Provider shall assume responsibility for its subcontractors’ compliance with the FCC requirements on document retention, production of records, and auditing.
Lowest Corresponding Price

Pursuant to 47 C.F.R. § 54.511, Service Providers shall not submit bids for or charge the Southwest Georgia Regional Library System a price above the lowest corresponding price for supported services, unless the FCC, with respect to interstate services or the state commission with respect to intrastate services, finds that the lowest corresponding price is not compensatory. Promotional rates offered by a Service Provider for a period of more than 90 days must be included among the comparable rates upon which the lowest corresponding price is determined.

Pricing Transparency

Pursuant to the FCC’s E-rate Modernization Order (FCC14-99) released July 23, 2014, the commission provided notice to all Service Providers that the receipt of E-rate support will be conditioned on disclosure of pricing information beginning in Funding Year 2015. The Commission states in the Order that contracts executed after the effective date of the Report and Order may not contain restrictions barring publication of purchasing price data, and that any such restrictions shall have no effect.

- The Service Provider shall comply with all applicable FCC rules, Orders, and guidance which govern the E-rate program. Notwithstanding any other remedies at law or equity, in the event the Service Provider acts or fails to act in such a way that causes Southwest Georgia Regional Library System to lose E-rate funding, the Service Provider shall be liable to Southwest Georgia Regional Library System for the amount of denied, reduced or adjusted funding. Additionally, the Service Provider shall be liable to Southwest Georgia Regional Library System for legal or consulting fees Southwest Georgia Regional Library incurs to: ensure compliance with the E-rate program; to respond to the FCC or USAC directives; and/or to pursue and appeal.
